

Abhijeet Jadhav

Senior Frontend Engineer | Frontend Tech Lead | Staff / Principal Frontend Engineer

Kraków, Poland

Email: abhijeetj26@gmail.com | Phone: +48 507 439 452

Portfolio: ajadv-dev.github.io | LinkedIn: linkedin.com/in/ajadv-dev

Professional Profile

Senior Frontend Engineer with **10+ years of experience** designing, building, and scaling complex web applications across telecom, finance, education, and enterprise domains. Strong focus on **frontend architecture, micro-frontends, design systems, and technical leadership**, with a proven track record of mentoring engineers, driving architectural decisions, and aligning frontend strategy with business goals. Experienced in both **hands-on delivery and staff-level influence** across multiple teams in Agile environments.

Core Skills

- Frontend Architecture & System Design
- Micro-Frontends (Nx, Module Federation)
- React, Vue, Angular, TypeScript, JavaScript
- Design Systems & Component Libraries
- State Management (Redux Toolkit, React Query, Pinia, RxJS)
- Testing Strategy (Vitest, Jest, Cypress, Playwright)
- CI/CD, Cloud & DevOps (GitHub Actions, Jenkins, AWS)
- Technical Leadership, Mentorship, Agile Delivery

Technical Skills

Frontend: React, Vue, Angular, TypeScript, JavaScript, HTML5, CSS3, Tailwind, Material UI, Bootstrap

Backend: Node.js, Java, PHP

State & Data: Redux Toolkit, React Query, Vue Pinia Store, RxJS

Testing: Vitest, Jest, Cypress, Playwright

DevOps & Cloud: AWS (S3), Jenkins, GitHub Actions, CI/CD Pipelines

Tools: Nx Monorepo, Storybook, Grafana, Jira, Confluence, Git, Postman

Databases: MySQL, Oracle, MongoDB

Professional Experience

Vonage (Ericsson) – Poland

Sr. Software Engineer (Frontend) | Aug 2022 – Present

- Architected and developed scalable frontend systems using **React, Vue, and TypeScript** within an Nx monorepo.
- Implemented **micro-frontend architecture** using Module Federation and iframe-based integration.
- Designed and maintained a shared component and design system used across multiple teams.
- Led feature development, shaping frontend architecture and technical standards.
- Integrated REST APIs and managed complex state with **RTK and React Query & Vue Pinia**.
- Established automated testing strategy using **Vitest, Jest, Cypress, and Playwright**.
- Drove CI/CD workflows with **GitHub Actions and Jenkins**.
- Mentored engineers, supported estimations, and actively contributed to Agile ceremonies.

Tech Stack: React, Vue, TypeScript, Nx, Vivid Design System, AWS, Pina, Redux.

frog Design Inc. – India

Sr. Design Technologist II (Frontend / Full Stack) | Feb 2020 – Aug 2022

- Led frontend development for enterprise and consumer-facing platforms across education, finance, and logistics.
- Translated design systems and UX concepts into scalable, production-ready UI architectures.
- Built reusable component libraries using **React, SCSS, CSS Grid, and BEM**.
- Collaborated with designers, product managers, and backend teams to deliver complex features.
- Contributed to architectural decisions, estimations, and technical risk analysis.

Key Clients & Projects: Podar Education (Atom Platform), EY (Mercury Portal), eShipper Admin Portal

L&T Infotech – India

Senior Software Engineer (Frontend) | Jun 2018 – Feb 2020

- Developed and scaled Angular-based enterprise applications for global clients.
- Designed frontend modules supporting billing, affiliate, and planning workflows.
- Contributed to system design, estimation, and mentoring of junior engineers.

Key Clients: HBO, Apple Inc.

Capgemini – India

Associate Consultant (Frontend) | Mar 2017 – May 2018

- Delivered Angular-based banking platforms in collaboration with distributed teams.
- Led frontend tasks and mentored a team of five engineers.

Earlier Experience

- Senior Software Engineer (Full Stack) – Creative Skills, India (2015–2017)
- Software Engineer (Full Stack) – Austere Technology Solutions, India (2014–2015)

Education

- **C-DAC, Advanced Computing** – Mumbai (2013)
- **B.E. Electronics & Telecommunication** – North Maharashtra University (2012)
- **Diploma Electronics & Telecommunication** - MSBTE (2009)

Languages

- English (Fluent)
- German (A1)
